***RECOMMENDATION LETTER***

Based on the accomplished tasks, I confirm that Przedsiębiorstwo Remontowo Budowlane MATMONT with its registered office in Połaniec, has performed the renovation and repair works of the MPS 2500GC mill complex with a capacity of 50 t / h, made by Gebr. Pfeiffer SE, in Zakład Produkcji Płyt Gipsowo – Kartonowych SINIAT Sp. z o.o. in Leszcze 15, 28-400 Pińczów.

MATMONT Company has performed works on:

1. Renovation of the milling part of the MPS 2500GC mill:
  - a. Replacement of the bearings
  - b. Replacement of the seals
  - c. Replacement of the bloking air rings
  - d. Replacement of the separable connections with maintaining of tightening torques
2. Renovation of the milling chamber of the MPS 2500GC mill

The company has performed the above works with due diligence, full professionalism, within the set deadlines.

We especially appreciate the technical workers, performing the particular tasks, who are highly qualified, with professional experience and have the appropriate technical equipment. The proper organisation and performance of work enabled the quick and efficient renovation.

Based on the performed works, I consider MATMONT Company as a reliable partner, fully respecting its commitments to customers.

The above recommendation confirms reliability of MATMONT Company as a professional, honest contractor and a reliable business partner.
